5th EURO-GLOBAL SUMMIT ON

ADVANCES IN CLINICAL AND CELLULAR IMMUNOLOGY

October 18-19, 2027 | Budapest, Hungary

Theme:

Redefining Immunity: Cellular Therapies and Next-Generation Vaccines for a Healthier World

Sub-themes:

- Advances in CAR-T Cell Therapy
- Immune Checkpoint Inhibitors and Cancer Immunotherapy
- Immunogenomics and Personalized Medicine
- Immunotherapy in Infectious Diseases
- CRISPR-Based Immune Engineering
- Novel Vaccines: mRNA and Beyond
- Immunometabolism: Linking Metabolism and Immune Function
- Stem Cell-Based Immunotherapy
- Single-Cell RNA Sequencing (scRNA-seq)
- Immunosenescence and Aging
- Artificial Intelligence (AI) and Machine Learning in Immunology

WHY TO ATTEND?

What you take

Attending an immunology conference offers a unique opportunity to connect with leading experts, explore emerging trends in immunology and related biomedical fields, and gain insights into groundbreaking research and innovations. Such events play a vital role in professional and academic development by enhancing scientific knowledge, expanding technical and analytical skills, and fostering collaborations that can lead to impactful research, career advancement, and networking within the global immunology community.

WHO SHOULD ATTEND?

- Immunologists
  Immunologists, Microbiologists
- Epidemiologists
  Pharmacologists, Pharmacist
- Microbiology Faculty
  Mycologists
- Hospitals
  Medical Schools/Colleges
- Pathologists
  Research Labs
- Medical Practitioners
  Nurses
- Biomedical Companies
  Food & Beverage Industry
- Allied Health Professionals
  Pharma & Biotech
- Immunology Faculty
  Virology Faculty
- Infectious Diseases Specialists
  Infection Prevention and Infection Control
- Infection Prevention and
  Infection Control Specialists
  Medical Microbiologists
- Health Care Professionals
  Medical Professionals
- Physicians
  Fellows & Post Docs
- Biotechnology Researchers

EMIKO MIZOGUCHI, M.D., PH.D.

Professor of Immunology, Kurume University School of Medicine
Visiting Professor, Brown University Alpert Medical School

Dear Esteemed Colleagues and Peers,

It is my great honor and pleasure to welcome you to the 5th Euro-Global Summit on Advances in Clinical and Cellular Immunology, to be held on October 18-19, 2027, in Budapest, Hungary.

Immunology contributes to advance at an unprecedented pace, bridging basic science, translational research, and clinical applications. This summit offers a unique platform for investigators, clinicians, and collaborators worldwide to share findings, exchange ideas, and foster new partnerships.

Following the great success of Adv. Immunology 2026, we look forward with high expectations to the 2027 meeting, which promises to be equally inspiring and productive.

I warmly invite my colleagues and peers to join this exciting event, which will not only expand our knowledge but also strengthen our global community of Immunologists. I look forward to meeting you in Budapest, Hungary for another remarkable gathering.

Sincerely,
Emiko Mizoguchi, M.D., Ph.D.
Professor of Immunology, Kurume University School of Medicine
Visiting Professor, Brown University Alpert Medical School

IKUMA KASUGA

Chief Director of Seikokai Healthcare Center Guest Professor of Tohto University
Guest Professor of Tokyo Medical University, Japan

Dear Colleagues,

On behalf of the scientific committee, it is my great pleasure that I welcome you to the "5th Euro-Global Summit on Advances in Clinical and Cellular Immunology", taking place on October 18-19, 2027, in the beautiful and passionate city of Budapest, Hungary.

From my experience participating in this conference every time, this event represents the chance for delivering insightful talk, and aiming to create collaborating network among researchers who work immunological field. I also consider that the event is sufficiently compelling to elicit further examination by investigators with access to similar research. As such, this event may shed light on the path by which further insight into these intriguing studies might be gained.

Your participation and presentation are highly valued at the conference, and it will contribute significantly to its success.

Best Regards,
Ikuma Kasuga
Chief Director of Seikokai Healthcare Center Guest Professor of Tohto University
Guest Professor of Tokyo Medical University, Japan

JACKI KORNBLUTH
Saint Louis University, St. Louis VA Healthcare System, USA

Dear Esteemed Participants and Distinguished Colleagues,

It is our great pleasure to invite you to attend the "5th Euro-Global Summit on Advances in Clinical and Cellular Immunology which will be held during October 18-19, 2027, in Budapest, Hungary". Budapest is an exciting city, known for its numerous cultural institutions and vibrant nightlife and entertainment.

As a participant in the 2024 Euro-Global Summit on Advances in Clinical and Cellular Immunology, I found this meeting to be unique and educational, bringing together investigators from across the globe to share their latest findings. There was ample opportunity for questions and discussions, and most importantly, for the development of global collaborations.

I am looking forward to the next conference in Budapest. I am confident that this will contribute to your professional development and enable you to build new collaborations. I encourage you to join me in attending this conference in 2027.

Best regards
Jacki Kornbluth
Saint Louis University, St. Louis VA Healthcare System, USA

MARIA SANTOS
Federal University of Triângulo Mineiro, Brazil

Dear valued participants and respected colleagues,

It is with great pleasure that we extend to you a cordial invitation to attend the 5th Euro-Global Summit on Advances in Clinical and Cellular Immunology, scheduled to take place on October 18-19, 2027, in Budapest, Hungary.

Having had the privilege of participating in the 2025 edition of this summit, I can attest to the exceptional scientific quality and relevance of the topics addressed. The opportunity to engage with leading experts, gain insights into the latest advancements in the field, and reflect deeply on emerging research was of immense value to my career as both a professor and a researcher.

Moreover, I would like to highlight the outstanding organization of the event — from the carefully selected venue and the well-structured scientific program to the collaborative networking sessions held at the conclusion of each day, which facilitated meaningful exchanges with researchers from around the world.

Your presence and contribution to the upcoming conference are highly valued and will undoubtedly enhance the academic excellence and overall success of the event.

Best regards,
Maria Santos
Federal University of Triângulo Mineiro, Brazil

PRESENTATION FORUM

01

KEYNOTE FORUM / MINI-PLENARY SESSIONS

Presentations under Keynote Forum or Mini-Plenary Sessions includes abstracts with remarkable research value selected by the program committee. These significant speeches are delivered by globally recognized honorable speakers and it is open to all registrants.

DISTINGUISHED SPEAKERS FORUM (ORAL ABSTRACT SESSIONS)

In this forum, speakers and experts of the research field gets an opportunity to showcase their noble research work that involves comprehensive research findings. These formal oral presentations include a wide range of talks covering basic research to advanced research findings in accordance to the theme and scientific sessions of the conference.

02

03

STUDENT FORUM / POSTER SESSION

This session is particularly introduced to encourage more number of student participation at international conferences, however it is not restricted only to students since it is also available for the participants with language barrier. There are specific guidelines to be followed to prepare the poster. Poster topic should be selected only from relevant scientific sessions with in-depth technical details.

YOUNG INVESTIGATORS FORUM

An exclusive opportunity for students and young investigators to present their research work through a formal oral presentation. Young Investigators Forum provides a global platform for young researchers and scholars to showcase their valuable contribution to the scientific world and to get acknowledged by the global scientific community of experts. It is an excellent opportunity to recognize young scientific assets with promising research ideas. These oral presentations are of shorter time duration with 10-15 minutes of informative and precise presentations in relevant scientific sessions.

04

05

EDUCATIONAL WORKSHOPS/RESEARCH WORKSHOPS/ CORPORATE WORKSHOPS/MINI- SYMPOSIA

With an aim of transferring knowledge among the participants, workshops are introduced as a part of international conferences. These interactive and occasionally practical sessions gives an opportunity for participants to engage in detail discussion. Workshops are mostly scheduled for 60 to 90-minutes. It may range from learning about a specific topic relevant to international education, products and research which sometimes involves practical demonstration. It helps in enhancing skills, knowledge and understanding of the research field in depth through interactive discussions.

HIGHLIGHTS OF THE DAY SESSIONS

"Highlights of the Day Sessions" is introduced to discuss and focus a ray upon previous day ORAL ABSTRACT presentations by experts to summarise the key findings. It helps in getting better insights into the various dimensions of the topic.

06

07

MEET THE PROFESSOR @ NETWORKING SESSIONS

This session involves open discussion between the experts and session attendees, it gives enough time for getting answers to specific questions and doubts. It is an opportunity for attendees to increase their professional networking, sometimes also leads to an excellent collaboration opportunity.

EDUCATIONAL SESSIONS/ TRAINING PROGRAMS

Educational Sessions or training programs are specifically designed for a better understanding of the latest findings and technologies. These are generally 45-minute sessions that gives an exposure to the multidisciplinary field, that provides in-depth learning experiences and address educational needs.

ADV. IMMUNOLOGY 2027

CONCURRENT EDUCATIONAL SESSIONS

MONDAY- OCTOBER 18, 2027

- Autoimmunity
- Immune Mechanisms

- Cancer Immunology
- Immunotherapy
- Epidemiology

GROUP PHOTO | COFFEE BREAK

- Immunological Techniques
- Immunology

- Immunology of Infectious Diseases
- Immunotherapy

LUNCH BREAK

- Immunotoxicology
- Neuroimmunology

- Parasite Immunology
- Pediatric Immunology

GROUP PHOTO | COFFEE BREAK

- Immune System
- Immunodeficiency

- Immunogenetics
- Immunoinformatics

CONCURRENT EDUCATIONAL SESSIONS

TUESDAY- OCTOBER 19, 2027

- Reproductive Immunology
- Transplantation Immunology

- Reproductive Immunology
- Transplantation Immunology

GROUP PHOTO | COFFEE BREAK

- Antigen Processing and Presentation
- Inflammation

- Translational Immunology
- Cytokines and Chemokines

LUNCH BREAK

- Hematopoiesis and Immune System Development
- Hypersensitivity, Asthma, and Allergic Responses

- Immunology Education
- Innate Immune Responses and Host Defense

GROUP PHOTO | COFFEE BREAK

- Vaccines and Immunotherapy
- Technological Innovations in Immunology

- Microbial, Parasitic, and Fungal Immunology

Attending a Conference isn't all about Learning and Networking

DISCOVERING

A right choice of conference destination is an important aspect of any international conference and keeping that in consideration, Adv. Immunology 2027 is scheduled in the Beautiful city 'Budapest'.

BUDAPEST

Budapest, the capital city of Hungary, is one of the most beautiful and historically rich destinations in Europe. Situated along the banks of the River Danube, the city is famous for its magnificent architecture, stunning bridges, thermal baths, and vibrant cultural atmosphere. Budapest was formed in 1873 through the unification of three historic towns: Buda, Pest, and Óbuda.

The city is divided into two main sides by the Danube River. Buda, located on the western bank, is known for its hills, historic castles, and peaceful surroundings. Pest, on the eastern bank, is famous for its lively streets, shopping areas, restaurants, and impressive landmarks. The iconic Chain Bridge connects these two sides and offers spectacular views, especially at night.

One of Budapest's most remarkable attractions is the Hungarian Parliament Building, an architectural masterpiece situated beside the Danube. Other popular landmarks include Buda Castle, Fisherman's Bastion, St. Stephen's Basilica, and Heroes' Square. Visitors can also enjoy relaxing experiences at the city's famous thermal baths, such as Széchenyi Thermal Bath. Budapest is also known for its rich cultural heritage, traditional Hungarian cuisine, beautiful music, and exciting nightlife. Popular local dishes include Goulash, Chicken Paprikash, and traditional Hungarian pastries.
