8th Global Conclave on

NEUROLOGY AND NEUROLOGICAL DISORDERS

Theme: "Advancing Neurological Care: Innovations in Early Detection and Treatment for Nervous System Disorders"

2027

JUNE 21-22

SINGAPORE

SUB THEMES

- Gene Therapy for Neurological Disorders
- Advances in Minimally Invasive Neurosurgery
- Neuroimaging Biomarkers in Neurodegenerative Diseases
- Cutting-Edge Approaches to Stroke Prevention and Rehabilitation
- AI and Machine Learning in Neurology
- Neuroplasticity and Rehabilitation Techniques
- Emerging Therapies for Brain Tumors
- Innovations in Epilepsy Management
- Sleep Disorders and Neurological Health
- Advancements in Treating Autoimmune Neurological Disorders
- Wearable Neurotechnology for Monitoring and Treatment
- Robotics and Virtual Reality in Rehabilitation

WHY TO ATTEND?

What you take

Attending the Neurology Conference provides a valuable opportunity to connect with connect with leading neurologists, neuroscientists, researchers, clinicians, and healthcare professionals while exploring the latest advancements in neurology and neuroscience. The conference offers insights into cutting-edge research, emerging technologies, innovative therapeutic approaches, and evolving clinical practices that shape the future of neurological science and patient care.

The event also serves as a collaborative platform that brings together academia, healthcare institutions, biotechnology, pharmaceutical, and medical technology organizations to encourage knowledge exchange and foster meaningful partnerships.

02 **02 Day** Conference

12+ **INNOVATIVE** FEATURED SPEAKERS

20+ **HOURS OF** NETWORKING EVENTS

60+ **INTERNATIONAL** SPEAKERS

125+ **EDUCATIONAL** SESSIONS

WHO SHOULD ATTEND?

- Neurologists
- Neurosurgeons
- Neuroscientists
- Neuroradiologists
- Pharmacists
- Physicians Specialist
- Adult & Pediatric Neurologist
- Neuroimmunologists
- Medical Students
- Researchers
- Epidemiologists
- Residents (Neurosurgery, Neurology, Psychiatry, Radiology, and Rehab)
- Nurses
- Nurse Practitioners
- Physician Assistants
- Academicians
- Associations
- Organizations
- Industries
- Hospitals
- Medical Labs
- Research Laboratories
- Drug Development Companies
- Research Institutes
- and Members
- Manufacturing
- Companies
- Training Institutes

Welcome Message

Luiz Moutinho

Member of the Academia Europaea, University of Suffolk, UK
The Neuro Conclave 2027 Organizing Committee

Dear Esteemed Participants and Distinguished Colleagues,

It is with great pleasure that we welcome you to the **8th Global Conclave on Neurology and Neurological Disorders"** (**NEURO Conclave 2027**) taking place on **June 21-22, 2027** in **Singapore**. This conference brings together world-renowned experts and thought leaders in neurology, I really found the conference both enriching and insightful and providing an excellent platform for collaboration and knowledge exchange.

After the incredible success of the **7th Global Conclave on Neurology and Neurological Disorders (NEURO Conclave 2026)**, held during **June 22–23, 2026,** the event showcased robust academic research and insightful scientific discussions. The conference was designed to analyse future developments and explore insights into recent advancements, emerging technologies, innovative techniques, and unpublished research findings, while providing opportunities to learn from thought leaders and network with an outstanding lineup of distinguished speakers. Speakers from USA, Italy, China, Portugal, Spain, Thailand, Taiwan, India, Egypt, Belgium, Colombia, Germany, Brazil, UK, Turkey, France, Indonesia, Canada, Kuwait, Australia, Singapore, Malysia, Georgia, Hungary and Latvia …... Many speakers from the USA….

I am here honestly endorsing the next conference. Whether you are sharing groundbreaking research, facilitating an engaging workshop, or contributing to dynamic conversations, your knowledge and dedication are vital to driving our shared vision forward.
We look forward to welcoming you to Neuro Conclave 2027!

With best regards,
Luiz Moutinho, BA, MA, Ph.D., MAE, FCIM
Member of the Academia Europaea, University of Suffolk, UK
The Neuro Conclave 2027 Organizing Committee

Welcome Message

Sheng-He Huang

Guangdong Nanshan Medicine Innovation Institute (NSMI), China
University of Southern California, USA

Dear Valued Colleagues and Friends,

Translating purpose and mindset into positive impact through shared vision, compassion, and collaborative spirit established at Neuro Conclave 2026 in Singapore—where neurologists, clinicians, researchers, educators, advocates, public health leaders, and policymakers from around the world came together to advance evidence-based care, promote equity, foster innovation, and combat stigma—we are delighted to invite you to the **8th Global Conclave on Neurology and Neurological Disorders (Neuro Conclave 2027)**, to be held on **June 21-22, 2027** in **Singapore**.

Neuro Conclave 2027 will bring together distinguished experts and emerging leaders from across the globe to: 1). Advance Knowledge and Discover Solutions; 2) Build bridges between disciplines;3) Highlight innovative models of care and policy initiatives; and 4) Promote the Health of Vulnerable Populations.

Looking into the future, let us build on the momentum generated in Singapore and reaffirm our commitment to advancing the fields of neurology, neurological disorders, addiction medicine, and mental health. By combining our expertise, fostering innovation, and strengthening global partnerships, we can accelerate scientific progress, improve patient outcomes, and help redefine the future of brain health worldwide.

We look forward to welcoming you to **Neuro Conclave 2027** for another inspiring gathering dedicated to scientific excellence, collaboration, innovation, and meaningful global impact.

With Best regards,
Sheng-He Huang, PhD
The Neuro Conclave 2027 Organizing Committee

Welcome Message

Kirsten Callesen

Clinical Psychologist, Denmark

Dear Esteemed Participants and Distinguished Colleagues,

Welcome to **NEURO Conclave 2027**!

It was a pleasure to participate in **NEURO Conclave 2026** and to meet colleagues from many different countries, all working to improve our understanding of neurological and neurodevelopmental conditions. What I appreciated most was the opportunity to exchange knowledge, discuss new ideas, and build international connections across research and clinical practice. I left the conference inspired by the diversity of perspectives and the openness to collaboration. If you are considering attending **NEURO Conclave 2027**, I would warmly encourage you to join us. It is an excellent opportunity to learn about current research, share your own work, meet colleagues from around the world, and become part of an inspiring international community.

I look forward to returning to Singapore and hope to meet many of you there.

Warm regards,
Kirsten Callesen
Clinical Psychologist, Denmark

PRESENTATION FORUM

01

KEYNOTE FORUM / MINI-PLENARY SESSIONS

Presentations under Keynote Forum or Mini-Plenary Sessions includes abstracts with remarkable research value selected by the program committee. These significant speeches are delivered by globally recognized honorable speakers and it is open to all registrants.

DISTINGUISHED SPEAKERS FORUM (ORAL ABSTRACT SESSIONS)

02

In this forum, speakers and experts of the research field gets an opportunity to showcase their noble research work that involves comprehensive research findings. These formal oral presentations include a wide range of talks covering basic research to advanced research findings in accordance to the theme and scientific sessions of the conference.

03

STUDENT FORUM / POSTER SESSION

This session is particularly introduced to encourage more number of student participation at international conferences, however it is not restricted only to students since it is also available for the participants with language barrier. There are specific guidelines to be followed to prepare the poster. Poster topic should be selected only from relevant scientific sessions with in-depth technical details.

YOUNG INVESTIGATORS FORUM

04

An exclusive opportunity for students and young investigators to present their research work through a formal oral presentation. Young Investigators Forum provides a global platform for young researchers and scholars to showcase their valuable contribution to the scientific world and to get acknowledged by the global scientific community of experts. It is an excellent opportunity to recognize young scientific assets with promising research ideas. These oral presentations are of shorter time duration with 10-15 minutes of informative and precise presentations in relevant scientific sessions.

05

EDUCATIONAL WORKSHOPS/RESEARCH WORKSHOPS/ CORPORATE WORKSHOPS/MINI- SYMPOSIA

With an aim of transferring knowledge among the participants, workshops are introduced as a part of international conferences. These interactive and occasionally practical sessions gives an opportunity for participants to engage in detail discussion. Workshops are mostly scheduled for 60 to 90-minutes. It may range from learning about a specific topic relevant to international education, products and research which sometimes involves practical demonstration. It helps in enhancing skills, knowledge and understanding of the research field in depth through interactive discussions.

HIGHLIGHTS OF THE DAY SESSIONS

"Highlights of the Day Sessions" is introduced to discuss and focus a ray upon previous day ORAL ABSTRACT presentations by experts to summarise the key findings. It helps in getting better insights into the various dimensions of the topic.

06

07

MEET THE PROFESSOR @ NETWORKING SESSIONS

This session involves open discussion between the experts and session attendees, it gives enough time for getting answers to specific questions and doubts. It is an opportunity for attendees to increase their professional networking, sometimes also leads to an excellent collaboration opportunity.

EDUCATIONAL SESSIONS/ TRAINING PROGRAMS

Educational Sessions or training programs are specifically designed for a better understanding of the latest findings and technologies. These are generally 45-minute sessions that gives an exposure to the multidisciplinary field, that provides in-depth learning experiences and address educational needs.

NEURO CONCLAVE 2027

CONCURRENT EDUCATIONAL SESSIONS

MONDAY - JUNE 21, 2027

- Neuroscience
- Neuropsychiatry
- Pain Disorder and Management

- Central Nervous System
- Pediatric Neurology
- Neuro-Oncology and Brain Tumors

GROUP PHOTO | COFFEE BREAK

- Neurophysiology
- Neuroimmunology
- Neuropathology

- Neuroimaging
- Neurodegenerative disease and Neurodegeneration

LUNCH BREAK

- Sleep Disorder
- Stroke
- Movement Disorders

- Parkinsons Disease
- Epilepsy
- Multiple Sclerosis

GROUP PHOTO | COFFEE BREAK

- Alzheimers Disease and Dementia
- Neuromuscular Disease

- Case Studies and Clinical Trials
- Neurological Disorders

CONCURRENT EDUCATIONAL SESSIONS

TUESDAY - JUNE 22, 2027

- Novel Treatment Strategies
- Speech Disorders
- Demyelinating Disorders

- Cerebrovascular Disorders
- Autoimmune and Inflammatory Disorders
- Neuropathy

GROUP PHOTO | COFFEE BREAK

- Headache and Facial Pain
- Diagnosis and Screening of Neurological Disorders

- Stem Cells and Neuroregeneration
- Cognitive Neuroscience
- Motor System Disorders

LUNCH BREAK

- Behavioral Neurology
- Computational Neuroscience
- Neurogenetics

- Spinal Neurosurgery
- Pediatric Neurosurgery
- Stereotactic and Functional Neurosurgery

GROUP PHOTO | COFFEE BREAK

- Neurovascular Surgery
- Interoperative Neurophysiology
- Peripheral Nerve Surgery

- Robotics in Neurosurgery
- Latest advancement in Brain Surgery
- Neuropharmacology and Neurochemistry

DISCOVERING

A right choice of conference destination is an important aspect of any international conference and keeping that in consideration, Neuro Conclave 2027 is scheduled in the Beautiful city 'Singapore'.

SINGAPORE

Singapore, a dynamic city-state nestled in Southeast Asia, beckons travellers with its unique blend of cultural richness, technological advancements, and unparalleled experiences.

Cultural Diversity: In Singapore, cultures converge harmoniously, offering visitors a tantalizing journey through Chinese, Malay, Indian, and Western traditions. Explore vibrant neighbourhoods like Chinatown, Little India, and Kampong Glam to immerse yourself in their distinct flavors, colours, and aromas.

Modern Marvels: Marvel at Singapore's architectural wonders, from the iconic Marina Bay Sands complex to the futuristic Gardens by the Bay. Take a ride on the Singapore Flyer for panoramic views of the city skyline or indulge in thrilling attractions on Sentosa Island.

Culinary Delights: Singapore's food scene is legendary, boasting a kaleidoscope of flavors that tantalize the taste buds. Sample authentic dishes at bustling hawker centers, from savory Hainanese chicken rice to rich and fragrant laksa.

Shopping Paradise: Shopaholics rejoice in Singapore's myriad shopping destinations, from luxury boutiques along Orchard Road to eclectic markets like Bugis Street. Whether you seek designer labels or unique souvenirs, Singapore offers something for every shopper.

Technological Innovation: Experience firsthand Singapore's commitment to technological advancement and innovation.
